## ANNOTATED INDEX of media activities and research

*Media Report to Women* has been reporting what women are thinking and doing about the communications media for the past 16 years. Founded in 1972 by the Women's Institute for Freedom of the Press, it provides a record of progress for women in media and outside – but greatly affected by – the media.

During these past 16 years, the Women's Institute for Freedom of the Press has indexed *Media Report to Women* to preserve this important record of women's progress in the critical area of communication. Three 5-year indexes have been published, 1972-1976, 1977-1981, and 1982-1986.

This is the Index for 1987 issues of the *Media Report*.
